Dear Staff,

17 December 2018

The recent publication of the last year's Y6 SATS results on the BBC website bears out what a successful year it was for the school – not only for the children concerned and the Y6 staff, but for everyone at Selby Abbey School, as it really is a whole school effort (from pre-school through Reception and Key Stage One and continuing through Key Stage Two) to raise the children's capabilities and achievement to this level.

Within North Yorkshire (378 primary schools), the published figures indicated that Selby Abbey School achieved the following:

Progress in Reading 22nd (top 6%)  
Progress in Writing 16th (top 4%)  
Progress in Maths 48th (top 13%)

Expected standard in all 3 29th (top 8%)

Given the challenges the school and so many of its children face, this is particularly creditable.

Having brought this to the attention of the rest of the Governing Body, many of them have requested that I pass on their congratulations to all of you and their continued admiration for all your hard work and dedication.

Best wishes for Christmas and the New Year (which will hopefully include some proper down-time away from school).

Yours,

*John*

John Weetman
